

PROPOSED TEMPORARY ROAD CLOSURE OF VILLAGE ROAD, BRADPOLE

I have received an application from Western Power Distribution, to close VILLAGE ROAD, BRADPOLE from its junction with Higher Street to its junction with Middle Street, a distance of approximately 100 metres. The closure has been requested to allow Western Power Distribution to carry out the replacing of open wire electrical network and repacking old poles. These works are programmed to commence from 7 May 2019 for 4 days with an end date of the 10 May 2019 between 0900 and 1600. The road closure is necessary for safety reasons, as the works will take place within the whole width of the carriageway.

Western Power Distribution will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure and the diversion route.

This document is for information only. However, if you have any concerns about this proposal, please contact Samantha Paulley, (trafficteam@dorsetcc.gov.uk) by the 25 April 2019
